Correction and Apology

The English version of "Mazda Sustainability Report 2013," which was issued in September, 2013, contains incorrect information. We sincerely apologize for the mistake and correct it as follows.

1. Page 50:

   CO2 Emissions Reduced by 51.1% Compared with FY March 1991 Levels

   [Incorrect]
   • Emissions per unit of sales revenue reduced by 50.8% (20.3 t-CO2/100 million yen)

   [Correct]
   • Emissions per unit of sales revenue reduced by 35.8% (26.5 t-CO2/100 million yen)

2. Page 50 fig. a:

   CO2 Emissions from Mazda's Four Principal Domestic Facilities/CO2 Emissions per Unit of Sales Revenue

   [Incorrect]

   [Correct]
